

UDOR Kappa-25/GR, 2 Diaphragm Pump

- KAPPA Series Pumps are internally manifolded with anodized aluminum construction.
- Pulsation dampener and control until with adjustable pressure regulator, manual dump lever, dual ball valve outlets, & pressure gauge
- Equipped with a gearbox for 3-5.5 HP gasoline engines with 3/4" shafts
- 350 max PSI
- 7.0 max GPM
- 1 in hose barb in
- (2) 1/2 in hose barb out
- 3/4 in bypass
- 28 pounds

UDOR Kappa-43/GR, 3 Diaphragm Pump

- KAPPA Series Pumps are internally manifolded with anodized aluminum construction.
- Pulsation dampener and control until with adjustable pressure regulator, manual dump lever, dual ball valve outlets, & pressure gauge
- Equipped with a gearbox for 4-6.5 HP gasoline engines with 3/4" shafts
- 560 max PSI
- 10.5 max GPM
- 1 in hose barb in
- (2) 1/2 in hose barb out
- 3/4 in bypass
- 39 pounds

Kappa Series Pumps

Part No.	Description
UD-PUKAPPA25GR	Kappa 25/GR, 2 Diaphragm Pump
UD-PUKAPPA43GR	Kappa 43/GR, 3 Diaphragm Pump
